CCTS DIGEST

Center for Clinical and Translational Science

Providing solutions to sharpen science, improve human health, and address disparities and diseases disproportionately represented within the Deep South.

Did You Know?

ICD-9 and ICD-10 diagnosis codes can hamper the usefulness of EHRs for research. Learn how proper choice of a controlled terminology can improve the quality of your data. [More](#)

News/Announcements

CCTS Conducts Mock NIH Study Section Review of K23

More than 60 attendees learned what it takes to develop a successful NIH mentored patient-oriented research career development award (K23) application at this annual event.
