Funding Opportunities

UAB-HudsonAlpha Genomic Medicine PostDoctoral Training Program Request for Applications
The purpose of this training grant is to recruit postdoctoral trainees from various disciplines and provide mentorship and clinical research training in genomic medicine. Postdoctoral trainees will receive a monthly stipend, tuition and fees assistance, health insurance and travel funds. **More**

NIH Translational Research Grants in Pediatric and Obstetric Pharmacology and Therapeutics
This funding opportunity supports (1) pharmacological studies addressing the changes in drug disposition and response among children at various developmental stages, between children and adults, and in women during pregnancy and lactation; (2) new drug development targeting children and pregnant women. **Letter of Intent due July 7, 5:00pm local time**. **More**

**NIH Planning Grants for Clinical Trials of High Relevance to the NIGMS Mission**
It is expected that the grant will be used for multi-site, interventional trials with budgets that are anticipated to be greater than $500,000 direct costs per year. NIGMS supports the clinical fields of trauma, burn, and peri-operative injury; sepsis; and anesthesiology and peri-operative pain. **Letter of Intent due July 7**. **More**

Pre-Application For a Biomedical Technology Research Resource (BTRR)
The BTRRs will be charged to make their technologies available to the biomedical research community, to train members of this community in the use of the technologies, and to disseminate both the technologies and the Resource's experimental results broadly. **Applications due Aug. 15**. **More**
