CCTS DIGEST
Center for Clinical and Translational Science

Providing solutions to sharpen science, improve human health, and address disparities and diseases disproportionately represented within the Deep South.
Did You Know?
Can composite digital monitoring biomarkers come of age? Is an electronic patient portal an effective and cost-efficient way to recruit healthy volunteers? How does parental stress affect DNA methylation in African American mothers? What strategies do CTSAs use to communicate about clinical research? The latest online issue of the *Journal of Clinical and Translational Science* explores these and other cutting-edge topics. **More**

Welcome to the All of Us Research Pr...

Our **brand new site** went live on Wednesday, May 16. Every change, from the redesigned look and feel to the updated architecture, content, and navigational tools,

was made with one goal in mind--to connect our constituents more quickly to the information they seek when they visit our digital home. This is not just a reboot of our old site in a new template, but an integrative overhaul based on quantitative and qualitative feedback from our website users. **More**
