

TRAVEL AWARDS FOR TRANSLATIONAL SCIENCE 2016 MEETING

The Center for Clinical and Translation Science (CCTS) is pleased to offer travel awards to investigators and trainees across the CCTS Partner Network who are interested in presenting their work at the upcoming ACTS Translational Science Meeting. These awards are available for investigators and teams at all levels of career development, with special emphasis on junior faculty, postdoctoral fellows, and graduate students. Eligibility for these awards requires an abstract submission as a presenter at the Translational Science 2016 Meeting. The meeting will take place April 13-15, 2016, at the Omni Shoreham Hotel in Washington, DC. Registration is expected to open in mid-December 2015.

Translational Science 2016 will offer more continuing education than ever before! Hear three dedicated plenary sessions, view abstracts during expanded poster-hall viewing hours with dedicated oral presentation time, and over thirty 60-minute breakout sessions covering the following topic areas:

- Translational Science in the Digital Age
- Dissemination and Implementation Science
- Team Science
- Learning and Development Science
- Innovation and Entrepreneurial Science
- Integrity & Conduct of Clinical and Translational Science
- Translational Science Acceleration
- Informative Examples of Translational Science

The Translational Science Meeting spotlights cutting edge achievements in clinical and translational investigation, research impact, networking and scientific community, exposure to novel methods, best practices and important resources, and career development programs. The goals of the meeting are:

- To inspire the participants by identifying the great successes of clinical and translational research and describing how they have improved the lives of so many people
- To provide participants with the newest and most valuable information in clinical and translational science
- To provide trainees and all meeting participants an opportunity to present their research to a supportive group of their peers, educators, and senior investigators
- To communicate novel methods, best practices, and resources for clinical translation
- To provide exciting and dynamic career development programs for trainees and their mentors
- To provide educators a venue to present best practices in clinical and translational research career development
