Broaden Your Career Options with the CCTS Predoctoral Clinical / Translational Research Program

This mentored research experience provides skills that will help equip the curious and creative with the tools and expertise to thrive as investigators in any setting (e.g., academic medicine, government, pharma). The immersive program provides 12 months of protected time for trainees to develop projects focused on reducing health disparities and/or diseases that disproportionately affect the Deep South. The program provides a stipend and support for tuition, among other benefits. **Apply by Sunday, December 1, 2019.**

The CTSA Wants Your Feedback!

The National Center for Advancing Translational Science has released a Clinical and

Translational Science Awards (CTSA) Program Request for Information, and your input is valuable. This request is for feedback on how the CTSA Program might be strengthened to meet its broad scientific mission of improving the efficiency and effectiveness of clinical research and translational science.

**DID YOU
KNOW**

Human beings may dominate the planet, but we are, in fact, just one species among some 8.7 million that live together on Earth. CCTS is a proud partner of the CTSA One Health Alliance (COHA) whose mission is to advance our understanding of diseases shared by humans and animals. [Learn more](#)

Funding Opps. & Deadlines

Limited Competition: Clinical and Translational Science Award (CTSA) Program: Collaborative Innovation Award, (U01 Clinical Trial Optional)
Letter of Intent due Tuesday, October 8

CCTS Interdisciplinary Network Pilot Program
Pre-applications deadline extended to Monday, October 21

CCTS Translational Training Symposium
Register by Friday, November 1

Lectures & Learning

CCTS Drop-in Clinics

Join us for the weekly Monday Drop-In Clinic for free consultations in Biostats, Epidemiology and Research Design. No appointment necessary. Bring laptop and study related questions.

Sept. 30 | 10am-2pm | Edge of Chaos

Case Studies in Mentoring: Addressing Equity and Inclusion

Bring your questions and concerns and join us as we explore the nuances of the mentor-mentee relationship. Our case-based discussions help participants discover new strategies to maximize the benefits of this career-enhancing skill. Open to investigators at any level from across the CCTS Partner Network. Registration requested, walk-ins welcome.

Oct. 2 | 11am-12pm | PCAMS | Zoom Available

Auburn Faculty Research Symposium

The purpose of the annual faculty symposium is to promote connections among researchers and creative scholars and to increase the visibility of our work across diverse audiences.

Oct. 4 | 8am-5pm | Auburn Student Center

Friday Fellows

This meeting provides the opportunity for T32 pre and post docs, investigators, and others interested in population and health outcomes research to discuss best practices in a supportive "discipline agnostic" environment. Meet other researchers and have FUN!

Oct. 4 | 8-9:30am | PCAMS | Zoom Available

CCTS Spotlight

Jean Lambert, MS

CCTS Investigator Liaison
University of Alabama at Birmingham

“Jean Lambert is a vital CCTS member who ensures the Nascent Panel provides expert guidance to investigators, not only through her organizational skills, but also through her care and consideration for the presenters. She is the ‘heart’ of the Nascent Panel.” — P. Sanders
