CCTS Interdisciplinary Network Pilot Program

PURPOSE

Through the CCTS Pilot Program, we seek to develop the future translational research workforce in a spirit that fosters collaboration, team science, and innovative discovery. Early Stage Investigators are strongly encouraged to apply.

AWARD

Applicants may apply for up to $60,000 in Direct Costs, with the CCTS Hub committing up to half.

MAKING A DIFFERENCE

Since 2008, CCTS has invested $1.73M in pilot funding. Our pilot PIs have secured more than $83M (total cost) in additional external grant funding, a programmatic ROI of 49:1.

PROPOSALS

Projects should align with the CCTS mission and address health conditions that disproportionately affect the Deep South. For special considerations and application instructions, please see the 2019 Request for Applications.
