

CASE STUDIES IN COLLABORATION AND TEAMWORK

Hosted by the CCTS Training Academy

FRIDAYS | 10:00 - 11:00 AM
FEBRUARY 5 - MARCH 26, 2021

Interdisciplinary efforts are becoming more critical for scientific discovery and translational research efforts.

Join the CCTS and Joel Dobbs, UAB Collat School of Business Entrepreneur in Residence and consultant to Fortune 500 companies, for this **eight-week, case-based course**, utilizing the National Institute of Health's Collaboration and Team Science Field Guide, 2nd Edition, along with included brief case studies to help scientists learn the basics of team science and collaboration as well as how to navigate the challenges of working in interdisciplinary teams.
