Lectures & Learning

The CCTS will continue connecting during this time of social distancing by providing access to online meetings and alternative learning opportunities. Please check the [CCTS Upcoming Events](#) page frequently for the most up-to-date event information.

CCTS virtual events often utilize [Zoom](#) and **are password protected**. If you have any questions about how to launch a meeting using Zoom or how to access a meeting, please contact CCTS Director of Distance Learning, [Brian](#)

Case Studies in Mentoring: Promoting Professional Development

Bring your questions and concerns and join us as we explore the nuances of the mentor-mentee relationship. Our case-based discussions help participants discover new strategies to maximize the benefits of this career-enhancing skill.

June 1 | 10:30 - 11:30am | [Zoom](#) (PW:278338)

CCTS Spotlight

Amye Miles, Informatics Analyst

Matt Wyatt, MSHI, Director of Clinical Research Informatics

CCTS Informatics / UAB Informatics Institute

"Amye and Matt dropped everything to get data to the National Institutes of Health in time for a demonstration taking place 24 hours later. Thanks to the IRB and OSP offices, we'd already obtained an IRB exemption to share the data, and a Data Sharing Agreement (in record time!). Amye was able to repurpose the data transfer mechanism we use for All of Us to make it select COVID-19 patients, remove identifiers, and redirect the data to NIH."

-James Cimino, MD, CCTS Co-Director and Director, UAB Informatics Institute
