Calling All Early Career Scholars: Plan Your Grant with the Nascent Project Panel Program and Receive \$500 to Support Project Needs

Bring your ideas to the Nascent Projects Panel (NPP) to brainstorm and refine proposals six to eight months ahead of your grant deadline. Following the NPP, early career scholars will have access to \$500 to assist with research needs like generation of preliminary data or grant editing.

CCTS Accepting KL2 Pre-Applications

The CCTS is pleased to announce the release of the latest request for applications for the 2022 Deep South Mentored Career Development (KL2) Program in Clinical and Translational Science, funded by the National Center for Advancing Translational Sciences (NCATS). Junior faculty committed to conducting translational research that addresses disease and health conditions that disproportionately affect the Deep South should continue reading about this research fellowship opportunity.
