Join **Ashutosh Tamhane, MD, PhD**, for an engaging discussion on:

"Introduction to Study Designs"

A strong study begins with a design that fits the research question. Join this introductory CCTS TIERS session to explore foundational concepts in study design and their role in clinical and translational research. Build your understanding of how design choices shape the evidence a study can provide.

***Please note:** Due to scheduling conflicts, November's *Training Interdisciplinary & Emerging Research Scholars* (TIERS) presentation has been moved from the standard 2nd Friday to the 3rd (Nov. 20, 2026).
