

UNIVERSITY OF ALABAMA
AT
BIRMINGHAM

Commencement

FRIDAY, APRIL 27, 2018
AND
SATURDAY, APRIL 28, 2018
BARTOW ARENA
BIRMINGHAM, ALABAMA

TO OUR GUESTS

Welcome to the Spring 2018 Commencement of The University of Alabama at Birmingham. The pageantry of today's ceremony is the culmination and recognition of years of study, preparation, and achievement of our 70th class of graduates. We hope you find the ceremony both meaningful and memorable, as it reflects the combined efforts of the faculty, the staff, and, of course, our students and their families.

Commencement begins with the traditional academic procession. The graduates are led into the Bartow Arena by marshals who are faculty members in their respective college and schools. The faculty, headed by a distinguished group of emeriti professors, follow in order of academic rank and seniority. The last group to enter is the platform party led by the UAB Academic Mace (see page 12). For the Friday evening ceremony, the mace is carried by Anthony C. Hood, Ph.D., associate professor in the Department of Management, Information Systems and Quantitative Methods in the Collat School of Business. He is also the co-chair of One Great Community Council in UAB Center for Clinical and Translational Science. For the Saturday ceremonies, the mace is carried by Victor M. Darley-Usmar, Ph.D., the 2017 Distinguished Faculty Lecturer. Dr. Darley-Usmar currently is Endowed Professor of Mitochondrial Medicine and Pathology, a professor in the Department of Pathology, and Associate Dean for Research in the UAB School of Medicine. The Commencement Marshal, Gregg M. Janowski, Ph.D., follows the UAB Academic Mace. Next are Ray L. Watts, M.D., President of The University of Alabama at Birmingham, members of The Board of Trustees of The University of Alabama System, and representatives from The University of Alabama System's Office. Other persons in the platform party include distinguished guests, as well as UAB senior administration and deans.

The audience is asked to stand as the procession enters the arena and to remain standing through the singing of the National Anthem.

President Watts closes the ceremony after all degrees have been awarded and the UAB Alma Mater has been sung. The audience is asked to stand and to remain standing for the recessional of the platform party. Family and friends are asked to meet the new alumni on the concourse or outside of Bartow Arena; they will not be allowed on the arena floor.

Commencement is a festive time for all of our honorees and their guests. Please refrain from loud celebration of your graduate since it detracts from the recognition of the following new alumni. Your cooperation is appreciated.

THE UNIVERSITY OF ALABAMA AT BIRMINGHAM

Since its inception in 1969, the University of Alabama at Birmingham (UAB) has earned international renown for its innovative academic programs, groundbreaking research and scholarship, and leading-edge patient care.

UAB receives more than \$400 million annually in research grants and contracts and ranks in the top 10 among all public universities in funding from the National Institutes of Health. UAB has consistently been named to the President's Higher Education Community Service Honor Roll for its local and global outreach efforts.

With 23,000 employees, UAB is the largest single-site employer in the state of Alabama with an annual state economic impact of more than \$7.1 billion. Due to its growing and increasingly residential campus in the heart of a vibrant and diverse community, the university offers unparalleled opportunities for teaching, research, scholarship, and service. The campus consists of more than 150 buildings spread over 100 city blocks within walking distance of downtown Birmingham.

UAB offers undergraduates opportunities to participate in closely mentored research through such innovative academic programs as the Undergraduate Neuroscience Program and majors in Public Health and Biomedical Sciences. New bachelor's degrees in Immunology and Genetics and Genomic Sciences began in fall 2017, and new programs in Bioinformatics (undergraduate) and Big Data (master's) have been approved.

The UAB Honors College provides enhanced experiential learning opportunities to more than 1,250 high-ability undergraduates. In the 2018 U.S. News & World Report "Best Graduate Schools" rankings, UAB has 10 programs in the top 25, including a master's in health administration that ranks 2nd in the nation.

UAB is home to the largest hospital in Alabama and one of the largest public hospitals in the U.S., with more than 1 million patient visits annually. UAB also houses the state's only level 1 adult trauma center and the only National Cancer Institute-designated Comprehensive Cancer Center in Alabama and a five-state region. The Comprehensive Transplant Institute, which has performed the second most kidney transplants in the history of medicine, is currently conducting the longest-ever kidney transplant chain at a single site.

UAB continues to attract the best and brightest students from Alabama, the nation, and more than 100 countries around the world. In fall 2017, the university enrolled its largest-ever freshman class, with an average ACT of 25.1 and a GPA of 3.66, along with a record 20,902 students overall.

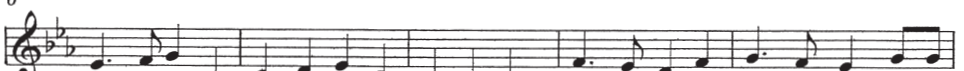

UAB ALMA MATER

The UAB Alma Mater was composed by Birmingham native David McNeeley in 2003. A competition was held, and a committee comprising UAB faculty, administrators, students, and alumni selected it from numerous submissions. The Alma Mater expresses the unifying sentiments of pride, respect, and cherished memories for the university.

THE ACADEMIC COSTUME

The custom of wearing academic caps, gowns, and hoods can be traced to the twelfth century. At that time both men and women wore long, full, flowing robes. This mode of dress gradually changed so that by the end of the seventeenth century only legal and official personages wore gowns. However, certain guilds and universities established the tradition of wearing prescribed apparel. In the universities, the details of the dress distinguished different degrees of learning and the faculty. In the United States, as a result of our English heritage, caps and gowns have been used from colonial times, especially at our older universities such as Columbia (King's College), New York University, University of Pennsylvania, Bryn Mawr, Yale, and others. Around 1885 there was a widespread student movement to wear caps and gowns at commencement. The faculties approved this dignified graduation dress and soon adopted the custom of wearing gowns at academic ceremonies.

In 1895, the Intercollegiate Commission presented American institutions of higher learning the Intercollegiate Code. This code regulated the design of gowns and hoods as well as the colors and materials to be used. The code was subsequently adopted by more than 95 percent of U.S. colleges and universities. It has given America an impressive but simple method of signifying scholastic honors.

The code provides for three types of gowns. The gown for the bachelor's degree is made of green material and has long pointed sleeves. The gown for the master's degree is made with an oblong sleeve open at the wrist. The rear part of this oblong shape is square cut and the front part has an arc cut away. The gown for the doctor's degree has bell-shaped sleeves. It is faced with velvet and has three bars of velvet on each sleeve. The color of the velvet trim may be black or the same color as the velvet which edges the gown.

The green oxford or mortarboard-style cap is worn for all degrees, but only the doctor's cap may be made of velvet and have a gold tassel.

The hood is the most important and distinctive feature of the American code. An understanding of the system makes it possible to distinguish readily bachelor's, master's, and doctor's hoods and to recognize the university which gave the degree. The doctor's hood is four feet in length and made with a wide panel. The master's and bachelor's hoods are three and one-half and three feet in length, respectively. They are made of black cloth and are lined with silk in the official academic colors of the institution which conferred the degree. The hoods worn by graduates of The University of Alabama at Birmingham are lined in green silk with a gold chevron. The trim of all hoods is velvet, two inches, three inches, and five inches wide for bachelor's, master's, and doctor's degrees, respectively. The color of the velvet trim indicates the discipline or faculty to which the degree pertains. Each discipline has been assigned a different color by the Intercollegiate Code. The following is a list of colors assigned to several of the disciplines within The University of Alabama at Birmingham.

Arts	<i>White</i>	Nursing	<i>Apricot</i>
Business	<i>Drab</i>	Optometry	<i>Seafoam green</i>
Dentistry	<i>Lilac</i>	Philosophy	<i>Dark Blue</i>
Education	<i>Light Blue</i>	Public Health	<i>Salmon Pink</i>
Engineering	<i>Orange</i>	Science	<i>Gold-yellow</i>
Fine Arts	<i>Brown</i>	Social Science	<i>Citron</i>
Medicine	<i>Green</i>		

A few years ago some Ivy League colleges approved the wearing of gowns which were not black but the official school colors. This trend has expanded so that currently many colleges and universities have adopted special colored gowns. The members of The Board of Trustees of The University of Alabama system wear a green gown with gold trim at The University of Alabama at Birmingham academic ceremonies. Colored gowns worn by many faculty identify the doctoral degrees of many American and foreign universities.

THE CEREMONIAL ACADEMIC MACE

The ceremonial academic mace appeared in European universities during the fourteenth century and represented the amalgamation of two much older staff-like devices of similar length and shape. These were the regal scepter and the medieval battle mace. Kings throughout history have carried scepters as insignia of the lawful authority of just rulers. The battle mace was first used by medieval princes as an effective hand weapon in combat.

In the fourteenth century, the royal scepter and the battle mace were combined to produce the ceremonial academic mace. It was carried before royalty, mayors of cities, and chief officers of the medieval universities.

In modern times, the mace is used on ceremonial occasions in the life of the university. In commencement exercises, the mace specifically indicates the authority of the university president to award degrees. The mace immediately precedes the presidential party in the ceremonial procession. For the Friday evening ceremony, the mace is carried by Anthony C. Hood, Ph.D., associate professor in the Department of Management, Information Systems and Quantitative Methods in the Collat School of Business. He is also the co-chair of One Great Community Council in UAB Center for Clinical and Translational Science. For the Saturday ceremonies, the mace is carried by Victor M. Darley-Usmar, Ph.D., the 2017 Distinguished Faculty Lecturer. Dr. Darley-Usmar currently is Endowed Professor of Mitochondrial Medicine and Pathology, a professor in the Department of Pathology, and Associate Dean for Research in the UAB School of Medicine.

The UAB mace is fashioned in three metals: brass, bronze, and stainless steel. The use of these metals--especially the stainless steel--is intended to signify Birmingham's traditional role as an iron and steel producing center.

At the lower end of the mace are three medallions of enamel on copper. One medallion bears the image of the lamp of knowledge. Another bears the traditional symbol of the physician, the Caduceus (Aesculapius, Greco-Roman god of medicine, was embodied at the temple of Kos as a statue holding a serpent, a symbol of long life, healing, and knowledge. A staff and a second serpent were added later to form the Caduceus). The third medallion is the UAB logo in gold on a green enamel background with a red enamel glow on the collar to symbolize the molten metal characteristic of old Birmingham and its blast furnaces.

The UAB mace and its holder were commissioned, designed, and executed in 1989 by the noted Alabama sculptor, Cordray Parker, with the help of Heidi J. Bowman on the enameled medallions. The mace was made possible through the generosity of the late Samuel B. Barker, Ph.D., and his late wife, Justine. Dr. Barker, distinguished professor emeritus and dean emeritus of UAB, was the first dean of the UAB Graduate School and a leading patron of the arts in Birmingham.

THE ACADEMIC GONFALONS

The academic gonfalons, or banners, are carried in the procession by honor students from each school who lead their fellow students to their seats in the arena. The gonfalons feature the UAB logo, the university seal and the name of the schools in white on a background of black, in keeping with the traditional black academic gowns worn by students and faculty. Each gonfalon also features a border of the school's academic color, which is repeated across the entire back of the banner. The exception is the UAB gonfalon, which features white letters on a green background, bordered and backed in gold, denoting UAB's official colors.

THE UAB PRESIDENT'S MEDAL

The UAB President's Medal is designed to recognize individuals who have attained scholarly distinction and/or have rendered distinguished service to UAB. Recipients are selected by the President of UAB upon the advice and recommendation of senior university officials. Selection as the recipient of this medal is one of the highest honors bestowed by UAB.

The award is comprised of an antique brass medallion and plaque, suitably inscribed, mounted in a cherry stand. The UAB President's Medal is awarded at a commencement ceremony.

Dear UAB Graduate,

Today, the hard work and dedication you have put into earning a degree culminates as you cross the stage and join the growing network of UAB alumni. On behalf of the UAB National Alumni Society, I would like to applaud you for this milestone.

As a graduate of this outstanding university, you join more than 120,000 others worldwide that are able to call the University of Alabama at Birmingham their alma mater. As you join this tremendous network of alumni, know that you have been equipped with an education that is globally recognized and is one that can give you a great sense of pride.

In recognition of your commencement ceremony, the National Alumni Society Board of Directors has the honor of presenting you with a UAB lapel pin to wear with pride.

Do not let your relationship with UAB end today. I encourage you to stay connected with this fantastic university as you continue your journey.

- Download UABNow and stay on top of UAB news and events.
- Follow us through our social media channels.
- Join a UAB National Alumni Society chapter.
- Return to campus and continue to attend scholastic and sporting events.

One of the most important things to do as an alumnus is to stay connected. I invite you to stay involved and take advantage of what the University and the National Alumni Society provides. To learn more about the UAB National Alumni Society, please contact our office at 205-934-3555 or visit us online.

Welcome to the alumni family, I look forward to seeing where your journey goes next.

CANDIDATES FOR DEGREES

HONORS DESIGNATIONS

The University of Alabama at Birmingham awards degrees with special designations to students who have achieved meritorious scholastic standing. Honor designations for undergraduates are based on grades reported prior to the completion of spring semester and may not reflect all earned honors. The designations are as follows:

Designation	Grade Point Average (A=4.00)
Summa Cum Laude	3.90 - 4.00
Magna Cum Laude	3.70 - 3.89
Cum Laude	3.50 - 3.69

An undergraduate student graduating with Summa, Magna, or Cum Laude honors is also accorded the privilege of wearing a gold honors cord.

The UAB Honors College brings together high-achieving intellectually curious students from all majors to form a close-knit community of emerging scholars. Honors students may follow a personalized curriculum or specialize in experiential learning (ELSP), global and community leadership (GCL), science and technology (STH), or interdisciplinary arts and sciences (UHP). Honor students are recognized with “distinguished honors” for earning 18 hours of honors credit and “high distinguished honors” for 30 or more hours of honors credits. Students completing honors requirements wear a white cord and a UAB Honors College medallion.

School of Dentistry – The “With Honors” designation indicates at least a B average, completion of an approved plan of study and research, and completion of a relevant thesis.

Schools of Medicine and Optometry – Honors are given to those in the upper ten percent of their class based on overall grade point average. The designation Magna Cum Laude and Summa Cum Laude are not routinely awarded. Any graduate receiving such a designation is outstanding in ability and performance.

Veterans who have served in the United States Armed Forces wear a red, white and blue cord.

ACADEMIC

This is a list of candidates for April 2018 graduation unless otherwise noted, prepared before final grades were reported, and inclusion therein does not constitute evidence of graduation.

Chair: Dr. James R. Ernest
- Grant Christian Alexander (Biomedical Engineering) Birmingham
Dissertation: Prohealing Multifunctional Endothelium Nanomatrix Coated Stents
Chair: Dr. Ho-Wook Jun
- Meka Brooks Astin (Health Education/Promotion) Stone Mountain, GA
Dissertation: Parental Decision-Making in Use of Complementary and Alternative Medicine
Chair: Dr. Kevin R. Fontaine
- Elizabeth Michelle Bevan (Biology) Delray Beach, FL
Dissertation: Evaluating the Biology and Ecology of Sea Turtles in the Context of Anthropogenic Climate Change
Chair: Dr. James B. McClintock
- Siddhartha Brahma (Materials Engineering) Bangalore, India
Dissertation: Characterization and Mechanical Evaluation of Discontinuous Recycled Carbon Fiber Based Liquid Molded Nylon-6 Composites
Chair: Dr. Selvam Pillay
- Karim Ismail Budhwani (Materials Engineering) Vestavia
Dissertation: Nanomedicine: Electrohydrodynamic Atomization (EHDA) to Engineer Next-Generation Biomimetic Microphysiological Systems (MPS) and Precision Drug Delivery Systems (DDS)
Co-Chair: Dr. Mansoor N. Saleh
Co-Chair: Dr. Vinoy Thomas
- Ryan Cantor (Epidemiology) Birmingham
Dissertation: The Evolving Landscape of Mechanical Circulatory Support in the United States: Observations from National Registries
Chair: Dr. Gerald McGwin
- Alexander Dalecki (Microbiology) Platteville, WI
Dissertation: Cheminformatic Discovery and Characterization of Copper-Dependent Bacterial Inhibitors
Chair: Dr. Frank Wolschendorf
- John Patrick Donnelly (Epidemiology) Ada, MI
Dissertation: Immunosuppression and Risk Prediction of Sepsis Following Solid Organ Transplantation
Chair: Dr. Gerald McGwin
- Elizabeth C. Duran (Chemistry) Birmingham
Dissertation: Examination of the Dynamic Assembly Mechanism of E. coli ClpA
Chair: Dr. Aaron L. Lucius
- Ahmed Ali Elhatab (Civil Engineering) Alexandria, Egypt
Dissertation: Drive-by Bridge Damage Inspection and Monitoring
Chair: Dr. Nasim Uddin
- Kah Yong Goh (Pathology; Immunology Theme) Kuala Lumpur, Malaysia
Dissertation: The Effect of Mitochondrial-Derived ROS on Calcium Handling and Cardiac Function in Heart
Chair: Dr. Steven Pogwizd

Dissertation: Global Analysis of Rpl12 Epistasis Within the
Yor1- Δ F Biogenesis Network
Chair: Dr. James F. Collawn
- Kenya Desiree Kirkendoll (Nursing) Lawrenceville, GA
Dissertation: Exploring Long-Haul Truck Drivers' CPAP Use
When Working Over the Road
Chair: Dr. Karen Heaton
- Joseph Matthew Ladowski (Cellular and Molecular Physiology; Pathobiology
and Molecular Medicine; Theme) Fort Wayne, IN
Dissertation: An Investigation of SLA Class II as a Xenoantigen
Chair: Dr. Robinna Gail Lorenz
- James Andrew Lambert (Cell Biology; Biochemistry, Structural, and Stem
Cell Biology Theme) Mobile
Dissertation: Mechanism and Treatment of Halogen
Inhalation-Induced Pulmonary and Systemic
Injuries in Pregnant Mice
Chair: Dr. Sadis Matalon
- Rebecca Barnhill Little (Nutrition Sciences) Hoover
Dissertation: The Effects of Body Size, Growth, and History of
Diabetes on Glioma Risk
Chair: Dr. Louis Burt Nabors
- Jonathan R. Lockhart (Biochemistry and Molecular Genetics; Biochemistry,
Structural, and Stem Cell Biology Theme) Birmingham
Dissertation: Bone Marrow Transplantation in a Mouse Model of
Cooley's Anemia
Chair: Dr. Thomas M. Ryan
- Benjamin James McManus (Developmental Psychology) Woodland
Dissertation: Effect of Occupational Demands on Driving
Safety in Surgical Residents
Chair: Dr. Despina Stavrinou
- Precious Mitchell (Materials Engineering) Birmingham
Dissertation: Inception of a Cellulose Nitrate-Layered Silicate
Nanocomposite Coating: Study of the Formulation
Procedure, Degree of Dispersion, Coating
Properties, and UV Stability
Chair: Dr. Selvam Pillay
- Amanda Mohaimany-Aponte (Neurobiology; Pathobiology and Molecular
Medicine Theme) Birmingham
Dissertation: Characterization of Spinal Cord Injury and Spinal
Cord Injury Induced Neuropathic Pain
Chair: Dr. Candace L. Floyd
