**ALSDE Requirements for Alternative Class A Certification in Mathematics (6-12):**

Once a candidate has completed checklist requirements and has met all admission, exit, and certification requirements, the candidate will be eligible for Alternative Class A certification in Mathematics (6-12). To be eligible for this certification, the candidate must:

- Submit a completed application for certification during the last term of enrollment in the Alternative Class A Mathematics (6-12) program (and no later than 60 calendar months following completion of this degree program)
- Obtain a passing score on the Praxis Test in Mathematics
- Successfully complete all courses on the Alternative Class A program checklist, meet the criteria of UAB's Graduate School for completing the corresponding master's degree program, earning an overall GPA of 3.25
- Meet all requirements for the Alabama Educator Certification Assessment Program (AECAP)

**Program Admission Requirements to the Alternative Class A Certification Program in Mathematics (6-12)**

Prospective students should NOT begin any coursework without first seeking advisement from the program faculty advisor (call 205-934-5371). Students who ignore this admonition assume responsibility for their own mistakes.

- For unconditional admission to the Alternative Class A Certification in Mathematics (6-12), candidates must
- 1) have a passing score on the Mathematics Praxis;
  - 2) have an unrounded cumulative 2.50 GPA on a bachelor's degree transcript (or 3.0 on master's degree transcript) from a regionally accredited institution and a suitable background clearance; and also
  - 3) meet any other criteria as required by the UAB Graduate School.
