

# About APC

Addiction Prevention Coalition

The Addiction Prevention Coalition (APC) is a non-profit organization leading the way in preventing addiction by inspiring people to live with hope, resilience and purpose. We provide Community Awareness, Prevention Education, and Collaboration in a strategic effort to show that substance abuse is a deadly epidemic, while lessening the shame and hopelessness of those who are struggling.

## Prevention Education

We offer talks and seminars to parents, workplaces and athletic teams about resilience and wellness as we deal with the catalyst issues that lead to substance use and abuse.

## Resource Connection

We're a place to learn, but one of the biggest challenges people with addiction face is finding help. We can't provide or recommend treatment options, but we can provide connections to help you or your loved one start the recovery journey. See resources on the back of this card. ➔
