# GENERAL INFORMATION

## UAB STRATEGIC PLAN OVERVIEW

UAB's new strategic plan for 2024-2028, Forging Ahead, outlines our mission, vision, values, peers, foundations and pillars, as well as institutional goals and strategies to achieve them, and measurements of success. It also provides a guide and framework for each school, college and unit across the enterprise to update localized strategic plans.

## VISION

*UAB is a world-class research university and academic health system committed to understanding and improving the human experience.*

## MISSION

UAB enriches society and improves health and well-being through transformational educational experiences, groundbreaking research, innovation and entrepreneurship, community engagement, and world-class patient care while serving our UAB, local and global communities.

## SHARED VALUES

*We CARE*

*Collaborate:*

Work as a team for the greater good.

*Act with integrity:*

Be accountable and always do the right thing.

*Respect all:*

Champion diversity and opportunities for all, with civility.

*Excel:*

Innovate and strive for excellence in everything we do.

## UAB STRATEGIC PLAN MISSION PILLARS

### EDUCATION

Prepare UAB's student body to become healthy, engaged global citizens and leaders by providing a world-class, socially conscious education.

#### STRATEGIC OBJECTIVES:

1. Enroll, retain and graduate a high-achieving, diverse student body of global and local citizens empowered to think critically and act civically and professionally at UAB and beyond.
2. Recruit, develop and retain a diverse faculty and staff to lead, teach and support UAB's innovative educational programs.
3. Provide innovative and experiential curriculum and co-curricular experiences through "Blazer Core" that places community and connection at the heart of education.
4. Engage students, faculty and staff in UAB's emphasis on health and well-being.

### RESEARCH, INNOVATION & ECONOMIC DEVELOPMENT

Empower innovative research, scholarship and creative activities that drive knowledge and job creation focused on improving society.

#### STRATEGIC OBJECTIVES:

1. Enhance UAB's institutional culture of collaboration and innovation.
2. Drive research and innovation across the enterprise.
3. Improve society through processes and products.
4. Expand UAB's economic impact on the state.

### COMMUNITY ENGAGEMENT

Engage with UAB and external communities in meaningful and mutually beneficial collaborations that contribute to the public good.

#### STRATEGIC OBJECTIVES:

1. Enhance the climate for student community engagement.
2. Enhance the climate for faculty and staff community engagement.
3. Build an educated citizenry and workforce.
4. Support and maintain the UAB Grand Challenge program, "Live HealthSmart Alabama," and its goals to improve the health of all Alabamians and serve as a model for the United States and beyond.

### PATIENT CARE

Provide the highest-quality patient-centered integrative care and translate discoveries into revolutionary therapies.

#### STRATEGIC OBJECTIVES:

1. Improve patient access and satisfaction through integration of clinical services and preventive care across UAB's health care delivery entities.
2. Invest in signature treatments that will be delivered through recognized flagship programs.
3. Develop infrastructure to ensure statewide access to telehealth services.

Students appear under their primary program and school/college at time of census. Excluded from the count are students who are only auditing courses and students taking only continuing education or other noncredit courses.

<sup>2</sup> Undergraduate includes all baccalaureate degrees in addition to all postbaccalaureate and undergraduate certificates, and undergraduate non-degree programs.

<sup>3</sup> Graduate: non-doctoral includes all Ed.S., master degrees in addition to all postmasters and graduate certificate, and graduate non-degree programs.

<sup>4</sup> Starting in the fall 2010, the U.S. Department of Education divided the classification of doctoral degrees into the following categories:

Doctor's degree-research/scholarship - A Ph.D. or other doctor's degree that requires advanced work beyond the master's level, including the preparation and defense of a dissertation based on original research, or the planning and execution of an original project demonstrating substantial artistic or scholarly achievement. At UAB, this category includes D.Sc., Ed.D., and all Ph.D. degrees.

Doctor's degree-professional practice - A doctor's degree that is conferred upon completion of a program providing the knowledge and skills for the recognition, credential, or license required for professional practice. The degree is awarded after a period of study such that the total time to the degree, including both pre-professional and professional preparation, equals at least six full-time equivalent academic years. These include the D.M.D., M.D., and O.D. degrees formerly classified as "first professional" and at times still referred to as such, additionally at UAB, this category also includes D.N.P., D.P.T., O.T.D., Dr.P.H., and D.Sc.P.T. degrees.

From fall 2010 through summer 2021, D.Sc. was reported under Doctor's-Other (Award level -19), and Ed.D. was reported under Doctor's-Professional Practice (Award level -18), per Alabama Commission on Higher Education (ACHE) guidelines. Beginning in Fall 2021, both D.Sc. and Ed.D. degrees are reported under the Doctor's-Research/Scholarship (Award level -17), consistent with National Center for Education Statistics (NCES) and Integrated Postsecondary Education Data System (IPEDS) guidelines.

For more information on programs offered at UAB, see Programs and Degrees Offered at UAB on pages 53 through 57 or visit: <https://www.uab.edu/registrar/images/degrees-offered-at-uab.pdf>

<sup>5</sup> This total is reported to state (e.g., ACHE) and federal agencies (e.g., IPEDS, NCES) and is used for most other such surveys and questionnaires.

<sup>6</sup> Advanced Professionals are interns, residents, and postdoctoral fellows who are at UAB to participate in specialized training beyond their academic or professional degrees.

<sup>7</sup> Graduate & First Professional subtotals are summarizing the D.M.D., M.D., and O.D. degrees formerly classified as "first professional" and all other graduate and/or doctoral level degrees and programs.

NOTE: Figures do not include advanced professionals.

<sup>1</sup> Race and Ethnicity categories developed in 1997 by the Office of Management and Budget (OMB) that are used to describe groups to which individuals belong, identify with, or belong in the eyes of the community. The categories do not denote scientific definitions of anthropological origins. The designations are used to categorize U.S. citizens, U.S. residents, and other eligible non-citizens. Eligible noncitizens include all students who completed high school or a GED equivalency within the United States (including DACA and undocumented students) and who were not on an F-1 nonimmigrant student visa at the time of high school graduation. Individuals are asked to first designate ethnicity as: Hispanic or Latino or Not Hispanic or Latino. Second, individuals are asked to indicate one or more races that apply among the following: American Indian or Alaska Native, Asian, Black or African American, Native Hawaiian or Other Pacific Islander, and or White. If the student is a **U.S. Nonresident**, they are reported as such rather than in any of the racial/ethnic categories described above.

**Hispanic or Latino** - A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race.

**American Indian or Alaska Native** - A person having origins in any of the original peoples of North and South America (including Central America) who maintains cultural identification through tribal affiliation or community attachment.

**Asian** - A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian Subcontinent, including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.

**Black or African American** - A person having origins in any of the black racial groups of Africa.

**Native Hawaiian or Other Pacific Islander** - A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.

**White** - A person having origins in any of the original peoples of Europe, the Middle East, or North Africa.

**Two or more races** - A person having origins in two or more of the above race or ethnicities.

**Race/ethnicity unknown** - The category used to report students or employees whose race and ethnicity are not known.

<sup>2</sup> Full-time undergraduate is defined by undergraduate students taking twelve or more hours in the term, part-time undergraduate are taking fewer than twelve hours. Full-time graduate is defined by graduate students taking nine or more hours in the term, part-time graduates are taking fewer than nine hours. All D.M.D., M.D., and O.D. are considered full-time.

NOTE: Federal definitions of doctoral degree categories changed in 2009-10.

<sup>1</sup> The federal reporting period for completions is July 1 through June 30.

<sup>2</sup> IPEDS Award Levels:

- 1 - Postsecondary certificates require less than 30 credit hours.
- 2 - Postsecondary certificates require at least 30 but less than 60 credit hours.
- 5 - Bachelor's degree requires at least 4 but not more than 5 years of full-time equivalent college credits.
- 6 - Postbaccalaureate requires completion of an organized program of study beyond the bachelor's.
- 7 - Master's degree requires completion of a program of study of at least the full-time equivalent of 1 but not more than 2 academic years of work beyond the bachelor's degree.
- 8 - Post-master's certificate requires completion of an organized program beyond the master's degree, but does not meet the requirements of academic degrees at the doctor's level. Per ACHE guidelines this includes the Eds. Degree.

Starting in the fall 2010, the U.S. Department of Education divided the classification of doctoral degrees into the following categories:

17 - Doctor's degree - research/scholarship - A Ph.D. or other doctor's degree that requires advanced work beyond the master's level, including the preparation and defense of a dissertation based on original research, or the planning and execution of an original project demonstrating substantial artistic or scholarly achievement. At UAB, this category includes D.Sc., Ed.D., and all Ph.D. degrees.

18 - Doctor's degree - professional practice - A doctor's degree that is conferred upon completion of a program providing the knowledge and skills for the recognition, credential, or license required for professional practice. The degree is awarded after a period of study such that the total time to the degree, including both pre-professional and professional preparation, equals at least six full-time equivalent academic years. These include the D.M.D., M.D., and O.D. degrees formerly classified as "first professional" and at times still referred to as such, additionally at UAB, this category also includes D.N.P., D.P.T., O.T.D., Dr.P.H., and D.Sc.P.T. degrees.

From fall 2010 through summer 2021, D.Sc. was reported under Doctor's-Other (Award level -19), and Ed.D. was reported under Doctor's-Professional Practice (Award level -18), per Alabama Commission on Higher Education (ACHE) guidelines. Beginning in Fall 2021, both D.Sc. and Ed.D. degrees are reported under the Doctor's-Research/Scholarship (Award level - 17), consistent with National Center for Education Statistics (NCES) and Integrated Postsecondary Education Data System (IPEDS) guidelines.

<sup>1</sup> Job Category is based on the EEO Categorization for the employee's job assigned by Compensation per the Federal EEOC guidelines. The Professional category is split into Faculty and Nonfaculty.

<sup>2</sup> These figures—for the campus, UAB Hospital, and School Medicine/Joint Health Sciences—include student workers, hospital residents, postdoctoral employees, and adjunct instructors, but exclude postdoctoral trainees, volunteers, and vendors. Employees are included in their primary appointment and occupational classification.

Note: Race and Ethnicity categories developed in 1997 by the Office of Management and Budget (OMB) are used to describe groups to which individuals belong, identify with, or belong in the eyes of the community. The categories do not denote scientific definitions of anthropological origins. The designations are used to categorize U.S. citizens, U.S. residents, and other eligible non-citizens. Individuals are asked to first designate ethnicity as: Hispanic or Latino or Not Hispanic or Latino. Second, individuals are asked to indicate one or more races that apply among the following: American Indian or Alaska Native, Asian, Black or African American, Native Hawaiian or Other Pacific Islander, and or White. If the employee is a U.S. Nonresident, they are reported as such rather than in any of the racial/ethnic categories described above.

**Hispanic or Latino** - A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race.

**American Indian or Alaska Native** - A person having origins in any of the original peoples of North and South America (including Central America) who maintains cultural identification through tribal affiliation or community attachment.

**Asian** - A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian Subcontinent, including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.

**Black or African American** - A person having origins in any of the black racial groups of Africa.

**Native Hawaiian or Other Pacific Islander** - A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.

**White** - A person having origins in any of the original peoples of Europe, the Middle East, or North Africa.

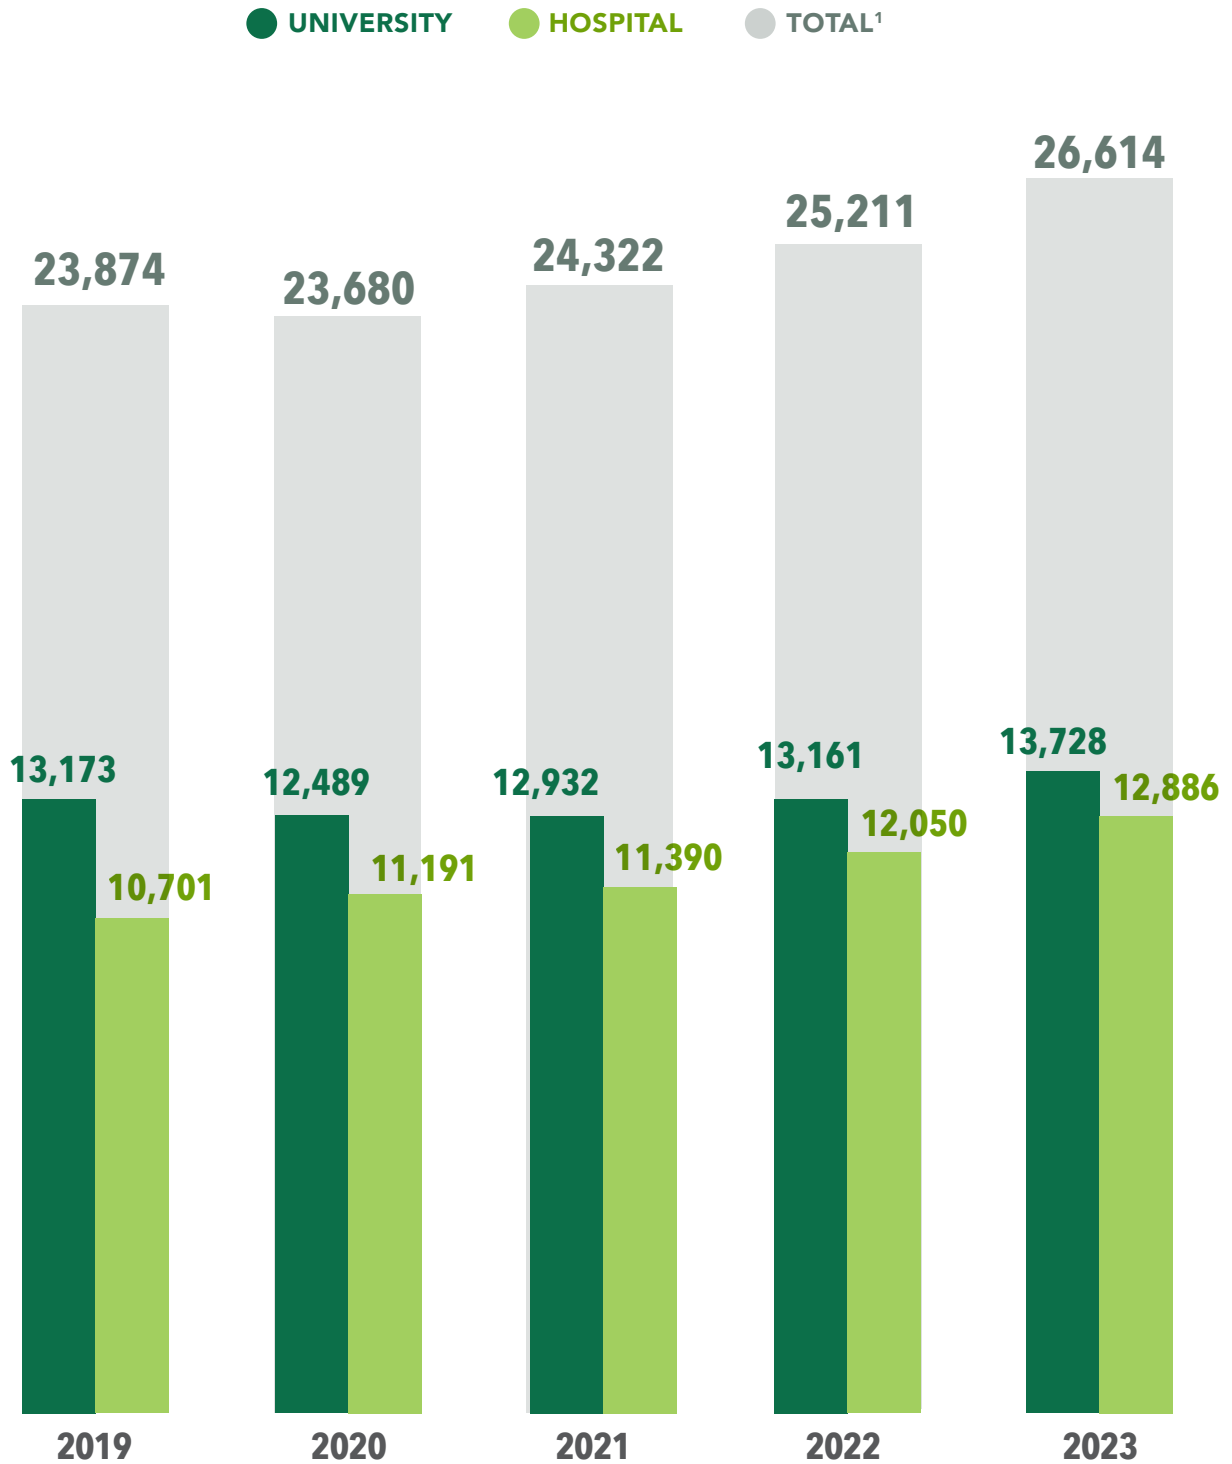

**Two or more races** - A person having origins in two or more of the above race or ethnicities.

**Race/ethnicity unknown** - The category used to report students or employees whose race and ethnicity are not known.

<sup>1</sup> Appropriations are shown as originally enacted. Budgets have been prorated as follows: 1978-79 - 2.9811%; 1979-80 - 6.1406%; 1980-81 - 3.568%; 1985-86 - 4.1233%; 1990-91 - 6.5%; 1991-92 - 3%; 2000-01 - 6.2%, 2008-09 - 11.0%, 2009-10 - 9.5%, 2010-11 - 3.0%. In FY 1992-93, UAB received supplemental appropriations totaling \$4,351,070. In FY 2001-02, the appropriation was adjusted to \$212,869,757.

<sup>2</sup> The Governor's Recommendation contained one amount for the University of Alabama System.

<sup>3</sup> The Alabama Commission on Higher Education made its first recommendation in the 1973-75 biennium.

<sup>4</sup> Beginning in FY 1988-89, figures include funding for Special Mental Health. Prior to FY 1988-89, funding for Special Mental Health was allocated separately. Since ACHE does not make a recommendation for Special Mental Health funding, the prior year's appropriation is substituted as the recommendation.

<sup>5</sup> Original Appropriation amount includes FICA. FICA was not included in UAB's request or ACHE's recommendation.

<sup>6</sup> FICA is included in all figures from FY 1992-93 forward.

<sup>7</sup> In FY 1993-94, UAB also received \$100,000 for minority business recruitment and \$300,000 for the Bevell Center for Biotechnology. In FY 1994-95 and FY 1995-96, UAB received \$350,000 for the Bevell Center.

<sup>8</sup> From FY 1995-96 to FY 1998-99, data include UAB Walker College where appropriate.

<sup>9</sup> Original appropriation includes teachers retirement of \$29,763,321 which was directly appropriated to UAB.

<sup>10</sup> Beginning in FY 1996-97, figures include funding for teachers retirement. Since ACHE did not make a recommendation for teachers' retirement funding in FY 1996-97, the prior year's appropriation is substituted as the recommendation.

<sup>11</sup> In FY 1998-99 and FY 1999-00, UAB also received \$348,735 to fund a teacher in-service center in the School of Education. In FY 2000, the amount was increased to \$351,606. Beginning in FY 2002, teacher in-service centers were funded through the State Department of Education.

<sup>12</sup> UAB also received funding for line items for the Cystic Fibrosis Center (\$200,000) and the Holmes Brain Tumor Research Center (\$200,000) in FY 2000-01. In FY 2001-02 and FY 2002-03, funding for both lines were reduced to \$178,220, and UAB received \$84,420 for the emergency medicine residency program. In FY 2003-04, the lines were cut to \$44,555 and emergency medicine received \$21,105. In FY 2004-05, all funding for these special lines (Cystic Fibrosis Center, Holmes Brain Tumor Research Center, and the Emergency Medicine Residency Program) was cut.

<sup>13</sup> UAB also received funding distributed through ACHE for Knight v AL Minority Faculty Recruitment and Retention in the amount of \$539,525.

<sup>14</sup> The Original Appropriation amount includes a special line of funding for the UAB Cancer Center in the amount of \$5 million for 2007-08 and 2008-09; \$4,516,609 for 2009-10; \$4,177,863 for 2010-11; and \$5,052,527 2011-12 forward.

<sup>15</sup> Excludes funding distributions for the state fiscal stabilization funds allocated to Alabama by the American Recovery and Reinvestment Act.

<sup>1</sup> Appropriations are shown as originally enacted. Budgets have been prorated as follows: 1978-79 - 2.9811%; 1979-80 - 6.1406%; 1980-81 - 3.568%; 1985-86 - 4.1233%; 1990-91 - 6.5%; 1991-92 - 3%; 2000-01 - 6.2%; 2008-09 - 11.0%; 2009-10 - 9.5%; 2010-11 - 3.0%. In FY 1992-93, UAB received supplemental appropriations totaling \$4,351,070. In FY 2001-02, the appropriation was adjusted to \$212,869,757.

<sup>2</sup> The Governor's Recommendation contained one amount for the University of Alabama System.

<sup>3</sup> The Alabama Commission on Higher Education made its first recommendation in the 1973-75 biennium.

<sup>4</sup> Beginning in FY 1988-89, figures include funding for Special Mental Health. Prior to FY 1988-89, funding for Special Mental Health was allocated separately. Since ACHE does not make a recommendation for Special Mental Health funding, the prior year's appropriation is substituted as the recommendation.

<sup>5</sup> Original Appropriation amount includes FICA. FICA was not included in UAB's request or ACHE's recommendation.

<sup>6</sup> FICA is included in all figures from FY 1992-93 forward.

<sup>7</sup> In FY 1993-94, UAB also received \$100,000 for minority business recruitment and \$300,000 for the Beville Center for Biotechnology. In FY 1994-95 and FY 1995-96, UAB received \$350,000 for the Beville Center.

<sup>8</sup> From FY 1995-96 to FY 1998-99, data include UAB Walker College where appropriate.

<sup>9</sup> Original appropriation includes teachers retirement of \$29,763,321 which was directly appropriated to UAB.

<sup>10</sup> Beginning in FY 1996-97, figures include funding for teachers retirement. Since ACHE did not make a recommendation for teachers' retirement funding in FY 1996-97, the prior year's appropriation is substituted as the recommendation.

<sup>11</sup> In FY 1998-99 and FY 1999-00, UAB also received \$348,735 to fund a teacher in-service center in the School of Education. In FY 2000, the amount was increased to \$351,606. Beginning in FY 2002, teacher in-service centers were funded through the State Department of Education.

<sup>12</sup> UAB also received funding for line items for the Cystic Fibrosis Center (\$200,000) and the Holmes Brain Tumor Research Center (\$200,000) in FY 2000-01. In FY 2001-02 and FY 2002-03, funding for both lines were reduced to \$178,220, and UAB received \$84,420 for the emergency medicine residency program. In FY 2003-04, the lines were cut to \$44,555 and emergency medicine received \$21,105. In FY 2004-05, all funding for these special lines (Cystic Fibrosis Center, Holmes Brain Tumor Research Center, and the Emergency Medicine Residency Program) was cut.

<sup>13</sup> UAB also received funding distributed through ACHE for Knight v AL Minority Faculty Recruitment and Retention in the amount of \$539,525.

<sup>14</sup> The Original Appropriation amount includes a special line of funding for the UAB Cancer Center in the amount of \$5 million for 2007-08 and 2008-09; \$4,516,609 for 2009-10; \$4,177,863 for 2010-11; and \$5,052,527 2011-12 forward.

<sup>15</sup> Excludes funding distributions for the state fiscal stabilization funds allocated to Alabama by the American Recovery and Reinvestment Act.

## TOTAL GRANTS AWARDED

## UAB ANNUAL RESEARCH EXPENDITURES

NOTE: These data were generated from the IRAP grants and contracts computer system.

Does not include any awards provided by The Coronavirus Aid, Relief, and Economic Security Act or, CARES Act, passed by Congress on March 27th, 2020. This bill allotted \$2.2 trillion to provide fast and direct economic aid to the American people negatively impacted by the COVID-19 pandemic. Of that money, approximately \$14 billion was given to the Office of Postsecondary Education as the Higher Education Emergency Relief Fund, or HEERF. To date, the amount awarded to UAB for HEERF was \$12.1M in FY20 and \$59M in FY21. In addition, UAB SoPH received \$142M in CDC CARES Act funding through the Alabama Department of Public Health in FY21.

Does not include an award from the Health Resources and Services Administration to UAB for the construction of a new biomedical research facility. This award is \$76M for three years (\$25.33M/yr for FY22-FY24).
