NOTE: Figures do not include advanced professionals

¹Race and Ethnicity categories developed in 1997 by the Office of Management and Budget (OMB) that are used to describe groups to which individuals belong, identify with, or belong in the eyes of the community. The categories do not denote scientific definitions of anthropological origins. The designations are used to categorize U.S. citizens, U.S. residents, and other eligible non-citizens. Eligible noncitizens include all students who completed high school or a GED equivalency within the United States (including DACA and undocumented students) and who were not on an F-1 nonimmigrant student visa at the time of high school graduation. Individuals are asked to first designate ethnicity as: Hispanic or Latino or Not Hispanic or Latino. Second, individuals are asked to indicate one or more races that apply among the following: American Indian or Alaska Native, Asian, Black or African American, Native Hawaiian or Other Pacific Islander, and or White. If the student is a U.S. Nonresident, they are reported as such rather than in any of the racial/ethnic categories described above. Hispanic or Latino - A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race. American Indian or Alaska Native - A person having origins in any of the original peoples of North and South America (including Central America) who maintains cultural identification through tribal affiliation or community attachment. Asian - A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian Subcontinent, including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam. Black or African American - A person having origins in any of the black racial groups of Africa. Native Hawaiian or Other Pacific Islander - A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands. White - A person having origins in any of the original peoples of Europe, the Middle East, or North Africa. Two or more races - A person having origins in two or more of the above race or ethnicities. Race/ethnicity unknown - The category used to report students or employees whose race and ethnicity are not known
