## Cost II 2025-26

Institution: University of Alabama at Birmingham (100663)

User ID: P1006631

### Overview

#### Cost Overview

The purpose of the Cost (CST) component is to collect information on student charges for Cost of Attendance estimates and to calculate an Average Net Price (ANP) for first-time, full-time undergraduate students to meet requirements of the Higher Education Act of 1965 (HEA), as amended. This component also collects information on tuition and fees for other groups of students.

Much of the data reported on CST appear on College Navigator, which is updated only one time after CST data have been reviewed by NCES. Therefore, any data reporting errors may stay on College Navigator for a full year.

Additionally, the ANP calculation has important implications for what students see about your institution, and also for the College Affordability and Transparency Center lists.

#### Data Reporting Reminder:

- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting.

#### Changes to reporting:

- No changes for the 2025-26 data collection period.

#### Resources:

- To download the survey materials for this component: [Survey Materials](#)
- To access your prior year data submission for this component: [Reported Data](#)

If you have questions about completing this survey, please contact the IPEDS Help Desk at 1-877-225-2568.

Screen Entry	For students living Off-Campus (with family), any charges reported for food and housing are expected to be small, as it is assumed that students living at home with parents will be responsible for minimal food and housing costs. Please review your student financial aid budget(s), and if this amount is determined to be correct, please provide an explanation for the value reported. Otherwise, please revise your data. (Error #11564)	Explanation	Yes	
Reason	UAB offers day and evening classes. Therefore, we found that our students are utilizing on-campus dining and takeout in closer proximity to campus throughout the day and evening to accommodate the course offerings. We set the Food and Housing component of the cost of attendance to match the food calculation of other student groups which is estimated based on the campus meal plan and dining out.

	This edit and explanation were retained from the prior year (for reference) and do not need to be re-explained in the current year edit report.			
Reason	Additional grant funding was available in the previous year, and state grants for the current year were received after the census date, which explains why the calculated average amount of grant or scholarship aid awarded to FTFT Title IV Aid recipients from the federal government, state/local government, or the institution for this income level is smaller than expected by IPEDS in comparison to other income levels.
