

# Course Overview

The conference is designed to provide otolaryngologists, advanced practice providers, audiologists and speech-language pathologists with fundamental and practical information regarding the contemporary care of patients with otolaryngologic disorders. Key diagnostic and treatment procedures will be emphasized among all sub-specialties including but not limited to:

**Head and Neck Surgery**  
Laryngology  
Otology  
Pediatrics  
Rhinology  
Facial Plastic Surgery  
Endocrine Surgery

# Course Objectives

**Upon completion of the course, participants will:**

**Discuss and apply** new diagnostic and management strategies for many Otolaryngologic diseases including work up and surgical techniques

**Learn new advances** in head and neck cancer care including transoral robot surgery, advanced thyroid cancer, and wound management

**Learn management** of inflammatory airway disease, smell loss, nasal polyps and allergens

**Learn innovative treatments** for ear disease, head and neck cancer, voice disorders, sinus disease and updates on billing/coding

## CME Credits

**11 CMEs (requested)**  
**.95 ASHA CEUs (under review)**

The University of Alabama Heersink School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The University of Alabama Heersink School of Medicine designates this Live Activity for a maximum of 11 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity. The University of Alabama Heersink School of Medicine is an equal opportunity/affirmative action institution.

The University of Alabama at Birmingham

UAB Department of Otolaryngology  
1720 2nd Ave South, LHFOT 1155  
Birmingham, AL 35294--3412

## UAB Otolaryngology Clinical Practice Update August 25-26, 2023

UAB Hilton  
Downtown Birmingham

Hosted by the UAB Department of Otolaryngology

**Hamid Djalilian, MD**

Director of Neurotology and Skull Base Surgery  
University of California, Irvine-  
Department of Otolaryngology

Please join us in welcoming our special guest speaker, Hamid Djalilian, M.D. Dr. Djalilian received his medical degree with honors from the University of Minnesota and completed his otolaryngology residency at the same institution. He completed his fellowship training at the Minnesota Ear, Head & Neck Clinic and the University of Minnesota. He is currently a professor of otolaryngology, neurosurgery, and biomedical engineering and the Director of Neurotology and Skull Base Surgery at University of California Irvine. He has also published 185 peer-reviewed and another 200 invited articles and book chapters as well as two edited books. Dr. Djalilian's research is related to developing devices and software for the treatment of otologic conditions, the role of migraine in ear disorders, and development of medication and devices for the treatments for tinnitus.

## Course Directors

Jessica Grayson, MD  
Assistant Professor
