

Job description

Communications | School of Medicine | Department of Pathology
Work Study: Description

Seeking a Communications/PR/Journalism major (undergrad or grad) with experience in Joomla, Adobe Creative Cloud Suite programs and social media management (HootSuite, Sprout, etc.) to assist the department communications team with updating content on the department website and social media accounts. Additional projects and duties may be assigned as needed, including: writing, graphic design, videography, photography, and event/meeting coverage.

Gain experience in public relations, scientific and medical communications working in the UAB Heersink School of Medicine's Department of Pathology with the Communications Director and Communications Specialist. Projects may include: writing/proofing content for press releases, website maintenance and development, social media account management; and graphic design and layout of print and electronic materials to support department activities

Requirements

You must be awarded Federal Work Study funds to apply for this position.

Salary: \$10-\$14/hour
Location: Birmingham, AL
Internship: Description

Desire to gain experience in communications. Previous experience preferred but not required.

Send resume and cover letter to: Christina Crowe, ccrowe@uabmc.edu, 205.975.2498.
