<p>The above financial office staff provide assistance to faculty for</p> <ul style="list-style-type: none"> • Post-award (reconciling/balance info, effort, invoicing, etc.), • Pre-award budget assistance, • Pre-award submission assistance (in some cases), and • General questions regarding administrative/financial issues <p>In addition, Mr. Alston manages space issues/concerns and equipment inventory for the department.</p>						
Contact Information	Geeta Chhabra Budget Officer gchhabra@uabmc.edu			Carlos Hinds - Financial Associate cahinds@uabmc.edu Office: 205-638-6761		
Divisions	Department-wide resources			Cardiology Neurology (only Ness)		
Mrs. Chhabra's primary role in the DOP is to help faculty, regardless of division, with pre-award submission of all federal grants and, in some cases, non-federal grants. While many faculty, or their respective financial officers, handle post-award NIH Research Performance Progress Reports (RPPR), Mrs. Chhabra can also assist as needed with this process due to her vast experience with NIH Commons/ASSIST.				Mr. Hinds offers post-award support for the other team members in the office. This includes expense posting in BA software, personnel salary info maintenance in BA, etc. Additionally, he offers direct post-award support to the listed division and faculty member.		

¹General responsibilities listed for each team member above are not intended to serve as full job descriptions for anyone, but rather to provide faculty with a quick reference tool to assist them in where to go for certain research/financial needs. In an emergency, faculty may reach out to Jimmy Alston.

²Infectious Disease is a unique division in that it has its own PI-funded personnel within that support certain faculty members. Jimmy Alston supports the following faculty/investigators: Britt, Boppana, Fowler, Hutto, Pinninti, & Ross.

³For Neonatology, Jimmy Alston supports all EXCEPT: Luaces, Manasyan, Peralta, Ramani, Salas, Shukla, Sims, Travers, & Willis (all of whom are supported by Steven Marchman).

⁴Some larger divisions are shared between two team members. When this is the case, the affected divisions are listed under both team member's names. For Hem/Onc, Christian Foster supports all EXCEPT Hashizume, Kasztan, & Lebensburger (who are supported by Chris Chicarello).
