

CCTS Training Academy

Mike Mugavero, Director; Becky Reamey, Program Director; Jean Lambert, Investigator Liaison; Alia Tunagur, Program Coordinator
 TL1 & KL2: Ken Saag, Director; Jeanne Merchant, Program Manager; Rose Crocker, Program Coordinator

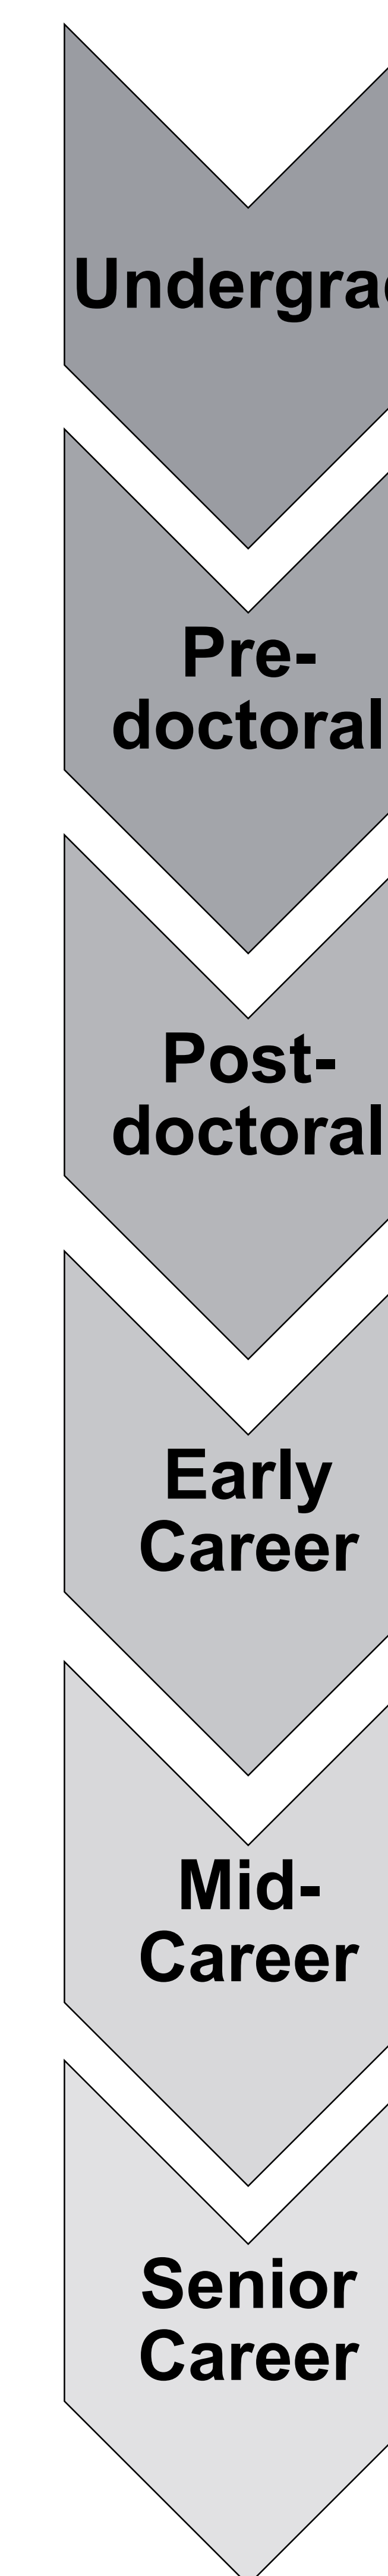

CCTS

Promoting continuous development of skills and knowledge for learners at all career stages by supporting an innovative, multidisciplinary research workforce to improve human health and healthcare

| | Didactic ● | Self-Directed ▶ | Experiential ◆ | Pre/Post Doc | Early Career | Mid Career | Senior Career |
|------------------------|--|-----------------|----------------|--------------|--------------|------------|---------------|
| Didactic ● | CTS-TP (E PI680) ● 6 month weekly meetings, certificate | | | | | | |
| | Friday Fellows ● Weekly seminar series featuring both senior & early career speakers | | | | | | |
| | Training Interdisciplinary & Emerging Research Scholars (TIERS) ● Monthly seminars focused on managing or obtaining a K grant | | | | | | |
| | Case Studies in Mentoring ● Semi-structured sessions emphasizing mentored competencies through case discussions | | | | | | |
| | Clinical Investigator Training Program (CITP) ● Research training and translational workforce development, certificate | | | | | | |
| Self-Directed ▶ | Summer Translational Research Series ● Four-week lecture series on translational research | | | | | | |
| | Kaizen ▶ Online platform designed to enhance education through a competitive format | | | | | | |
| | DRIVEN ◆ A network of interdisciplinary investigators working to promote individual & collective professional development, recognition, & advancement to foster an inclusive, equitable & diverse research workforce | | | | | | |
| | Mini Sabbaticals (SEQUIN) ◆ Short-term, experiential training activities at another research site | | | | | | |
| Experiential ◆ | Panels Programs: NPP, PDQ, TIPS ◆ Opportunity to meet with a team of scientific experts who will review applications | | | | | | |
| | Icorps @ NCATS ◆ "Train-the-trainer" program for the CTSA Consortium | | | | | | |
| | Grant Writing Intensive Cohorts (GRIT) ◆ GRIT offers invaluable support and access to expertise for early stage investigators, trainees, & postdocs who are applying for grants and awards | | | | | | |
| | LEAD (Learn Enhance Advance Drive) ◆ Program focused on developing the fundamental competencies within junior faculty & staff who are in leadership roles or will be in leadership roles soon | | | | | | |
| | Annual Training Symposium ◆ | | | | | | |

Formal Degree Programs and Training Career Development and Mentor Training

TL1 Program

- Year-out program
- Mentored-research experience
- Focused on pre-doctoral health professions (e.g. MD, PharmD, DMD, etc.) across CCTS partner institutions.
- 15 trainees per program annually
- Over 40 mentors to oversee mentored-research experience
- Co-mentor identified at home institution to continue research training following TL1 program
- Weekly didactic programs
- Year out program completes MSPH (med students), or certificate/CTS-TP

KL2 Program

- Provides two years of support for early career faculty
- Transitional research focusing on any discipline or disease
- Team-based mentored research experience including mentors from partner network outside of home institution
- Primary pool of 87 "senior mentors" from across partner network representing 58 Divisions/Departments/Schools
- Pool of 30 "associate mentors" from across Partner Network representing current or recent institutional supported K awardees
