

UAB Genetic Counseling Program
Student Biography

The UAB Genetic Counseling Program includes a photo and short biography of all current students on [this page of our website](#). Student bios help the faculty get to know the students and can be a tool for prospective students to learn more about the UAB GC Program.

Using this form, provide us with a biography that is approximately 1 paragraph in length and includes the components listed below. You can refer to the [current students webpage](#) for examples. The suggested word count is 150-200 words.

Once you have written your biography, email this document to Klaressa Washington (finleyk1@uab.edu). Please title the document "Firstname Lastname_Student Bio" (e.g. Jessica Denton_Student Bio).

What to include in the bio:

- Name
- Hometown
- Undergrad institution and major
- If additional degrees-institution, degree, area of study
- Summary of GC-related activities or volunteer work
- Fun facts or hobbies
