Alumni Updates 13-16

DEBBIE AND JIM SHMERLING created an Endowed Scholarship in honor of Dr. Tee Hiett and a special celebration was held on Friday, Sept. 20, 2013. The Shmerling's \$25,000 gift created the permanent endowment scholarship which will assist deserving students entering or enrolled in the Master of Science in Health Administration (MSHA) Program with preference shown to applicants formally enrolled in the MSHA/MSHI (Master of Science in Health Informatics) dual degree option.

"Debbie and I have discussed how do we want to give back to the people that helped us the most and Tee was the most influential person on me not only when I was in graduate school but also in my career," said Dr. Shmerling, UAB MSHA alumnus (Class 14) and president and CEO of Children's Hospital Colorado. "He was one of the most demanding faculty members I had at UAB. It didn't feel so good at the time, but it was a good thing because it was important in terms of discipline."

Tee Hiett, Ph.D., taught courses related to the use of computers and quantitative methods in health administration at UAB from 1972 until his retirement in 1995. Even after his retirement, Hiett continues to contribute by enhancing the administrative residency matching program as well as the admissions database. In addition to the endowed scholarship, graduates of MSHA Class 14 including Mark Anderson, Janet Perry Book, Doris Reinhart, Jim Shmerling and Mike Williams contributed funding that

Monterey Hiett, Lynne Hutton, Tee Hiett, PhD, Deb Hiett Valenti, Debbie and Jim Shmerling

honors Dr. Hiett's love for technology – the 5th floor MSHA Student Computer Lab and Conference Room.

"Graduates always have stories about a couple people who have had a pivotal role in their time as students and Tee is one of the top names you hear around here," said School of Health Professions Dean Harold P. Jones, Ph.D. "He encouraged our students to think about things they would not have thought about otherwise. He was a pioneer in the use of information and data driven decision making in healthcare management."

"The MSHA program has been around for nearly 50 years and when I look around at the students and faculty I see a group of people that are at the threshold of jumping into the next 50 years," said Hiett, professor emeritus, Department of Health Services Administration. "And I believe it is contributions like this from Jim and Debbie that will attract and keep good, quality, valuable

people for years to come at UAB."

Hiett also served on UAB projects in Saudi Arabia, China, the Republic of Panama, El Salvador and Guatemala. He is a past recipient of a Fulbright Fellowship to work in Buenos Aires, Argentina.

Additional gifts may be added to the scholarship at any time. Contact Katie Adams at katiadav@uab.edu or 205-996-5469 if you are interested in contributing or would like more information. The scholarship will be awarded annually to a student who demonstrates solid academic accomplishment as well as professional and extracurricular achievement.

The event was held on the 6th floor of the new addition to the School of Health Professions Building. His daughters Lynne Hutton and Deb Hiett Valenti flew in from Los Angeles to attend the ceremony.

MANCINI RECOGNIZED FOR SUPPORT OF THE MSHA PROGRAM

For the last five years, Melissa Mancini has interviewed over 300 candidates for the Residential MSHA Program. She gives time each Friday that we have interviews from January until mid-April. She provides insight for the prospective students in terms of what health administration is and what their career in this field can be if they work hard. Melissa has attended orientation and graduation dinners for these students that she becomes acquainted with during the interview process and has even served as a mentor to a number of these students once they are in the program. Melissa really takes her service to the MSHA Program seriously – trying to help us bring in a better cohort each year.

In addition, Melissa has played an integral part in launching the UAB Medicine Innovation Board – reviewing projects for funding as well as managing the Board’s activities including planning, budgeting, and serving as a liaison between the Board and project champions.

She also gives back to the Birmingham community by volunteering for the American Heart Association’s Young Leaders Board, the Humane Society, the Birmingham Track Club and even her Florida State University’s Alumni Association. She has served as an Advisory Board Member for the UAB Community Wind Symphony so her interests go beyond just the healthcare activities.

Congratulations to Melissa for being selected as the 2013 GPHA Alumna of the Year.

HIGHLIGHTS FROM THE ANNUAL GPHA MEETING

NASHVILLE, TN: In conjunction with the 33rd National Symposium for Healthcare Executives and the Alumni Association for the Graduate Programs in Health Administration meeting, Jamie Dabal (Class 39) was installed as the Treasurer and Amanda Henson (Class 38) began her tenure as President. The following awards were presented during the annual meeting:

- Outstanding Alumna: Melissa Mancini (Class 39)
- Outstanding Executive MSHA Student: Shanda Bland (E 47)
- Outstanding Residential MSHA Student: Aaron Elias (Class 48)
- Scholastic Achievement Award: Trey Collins (Class 47) and Natalie Harshbarger (Class 47)
- Past President’s Award: Kerry Gillihan

International Travel Opportunity Cultural Tour and Health System Visit

ISTANBUL AND ANKARA, TURKEY: MAY 18-25, 2014

Join UAB faculty and senior administrators for an exciting and educational visit to the Republic of Turkey, a fascinating country with a rich history and an emerging economy. Our visit will take us to Istanbul, world's only city that spans two continents, and Ankara, the country's capital.

Students and faculty will acquire a well-rounded view of the Turkish Health System, which has seen considerable improvements in health status in the past 30 years. We will meet with educators,

administrators, and clinicians who will share their perspectives on how healthcare is organized, financed, and delivered in a system that has undergone major health reform in the past decade.

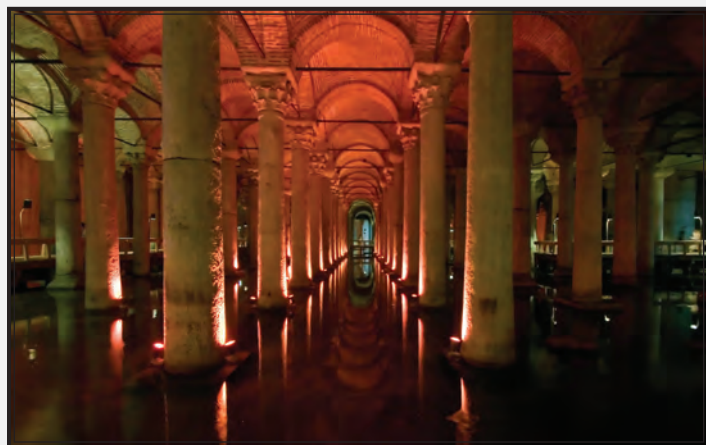

Our trip will blend education and fun as we learn about Turkey's history and culture through visits to sites such as the Grand Bazaar, Topkapi Palace, the Blue Mosque, and the Anatolian Civilization Museum.

The cost will be \$2,500 per person and will include the following:

- Educational fees (excludes tuition if enrolling for course credit)
- Lodging for 7 nights (single occupancy)
- Breakfast, lunch and dinner each day
- In-country transportation (excludes airfare)
- Entry fees to planned cultural site visits

The cost for alumni who wish to share a room with another person will be \$1,900 per person.

If you would like more information, email Leandra Celaya lcelaya@uab.edu.

Make plans now to attend the 9th Annual MSHA Classic scheduled for Thursday, April 24th at the Robet Trent Jones Oxmoor Valley Golf Course.

CLASS 48 DOUBLES PHILANTHROPIC GENEROSITY

BIRMINGHAM, AL: The 8th Annual MSHA Classic, supported by Class 48 and the Alumni Association of the Graduate Programs in Health Administration, proved to be successful through the hard work and perseverance of the MSHA Classic officers and classmates! The golf tournament generated nearly \$20,000 towards the students' professional development fund, which reimburses students for travel to meetings such as ACHE, HIMSS, MGMA, HFMA, and the National Symposium for Healthcare Executives. In addition, Class 48 donated a total of \$4,000 to two organizations: the American Cancer Society's Joe Lee Griffin's Hope Lodge and the Bell Center.

For the second year, Ballantrae Country Club served as the tournament host and provided a magnificent setting for the tournament. The MSHA Classic provides alumni, preceptors and friends of the MSHA Program a chance to get to know a number of students on a more personal basis. A number of MSHA alumni met and teamed up to help the current graduate students. This year, we combined the golf tournament with an educational component. Bobby Clark, Senior Manager – PwC Health Research Institute, provided an enlightened lecture on the ACA and the challenges that hospital administrators will face before the shotgun golf tournament started.

1st Place Winners:

Kyle Rice, Logan Young, Clint Calvert, and Taylor Dörner

Entry and participation in the Acura College Alumni Team Championship at Pinehurst Resort which included 36-holes of championship golf on Pinehurst Nos. 2 and 4

2nd Place:

Jeff May, Greg Parker, Todd Nace

\$100 per player to the Ballantrae Pro Shop and two (2) tickets each to the 2013 Regions Tradition at Shoal Creek Country Club.

3rd Place:

John Bromberg, Grayson Chew, Chip Fitts, and David White

\$75 per player to the Ballantrae Pro Shop and four passes to play Cherokee Ridge in Union Grove, AL.

Last Place:

Justin Bryant, Phil Cendoma, Jason Glover, & Corey Lovelace

4 Baseline Box Seats to a Birmingham Barons game.

MSHA Classic Officers: Ross Kemp, Elizabeth Broberg, Carol Myers, and Felix Kishinevsky

Drew Sargent and Kat Shearer checking on golfers

PwC Team: Front Row (L-R): Amy Alexander and Daniel Enger Back Row (L-R): Ara Dombourian, Andrew Hancher, and Spencer Hall

Class 47 members return to support MSHA Classic (L-R): Skye Weaver, Julie Won Amstutz, and Peter Carr

We are extremely grateful to our generous sponsors and participants which included:

INCOMING RESIDENTIAL PHD STUDENTS

GANISHER K. DAVLYATOV graduated from Tashkent Medical Academy (Uzbekistan) with General Practitioner Diploma in 2006. Then, she received training in Cardiology at the hospital in Tashkent, got involved in World Health Organization's project, and several other medical researchers, which enabled her to publish her own works in

medical and public health journals. Consequently, she was awarded an Edmund Muskie Fellowship in 2011, and completed a Master of Health Science in Minnesota State University, Mankato in 2013. Ms. Davlyatov's research interests are comparative analysis of organization, delivery, and financial management of different health care models (systems) within the United States as well as in other countries.

SOUMYA UPADHYAY completed her Masters in Health Administration from University of Missouri-Columbia in 2006. Following this, she worked for a healthcare plan, Wellcare Inc. in Tampa, FL as a Quality Improvement Analyst. Later she worked for Sutter Health in California as a Clinical Transformation Data Analyst for four years. At Sutter, she worked

on a Moore foundation grant project with focus on reducing hospital acquired infections and saving lives. Soumya is a Certified Quality Improvement Associate from the American Society for Quality and has received formal training in the transactional lean six sigma area. She has completed cost effectiveness studies for interventions on reducing hospital acquired nosocomial infections. She desires to further her research work in one of her interest areas, which are healthcare finance, IT and quality.

CLASS 49 ORIENTATION HIGHLIGHTS AND CLASS LEADERSHIP

Suzanne Woods sharing her career advice to Class 49

Class 49 completes Alabama 4-H Orientation

COLUMBIANA, AL AND BIRMINGHAM, AL: From August 21–23, 2013, all member of Class 49 had the opportunity to become acquainted with each other, faculty members and members of Class 48 during their orientation at the Alabama 4-H Center and the new home of the MSHA Program on the fifth floor of the School of Health Professions. During the orientation at the Alabama 4-H Center, Suzanne Woods (Class 29) shared her experiences from being an administrative resident to Chief Executive Officer at Flowers Medical Center in Dothan, Alabama. She also provided incredible life lessons to Class 49 and responded to a number of their questions. We certainly appreciated Suzanne making the drive to speak to our incoming cohort – 20 years after she had begun the MSHA Program.

On Friday, the students also had the opportunity to learn about a number of organizations that could be a benefit to their professional development while in the program and as they launch their careers.

- Andrew Gnann (Class 38) provided an overview of the American College of Healthcare Executives (ACHE) at the national and local level;
- Jason Bidy (CEO of Alabama Allergy and Asthma Center, LLC) spoke about the benefits of joining the Medical Group Management Association (MGMA) at the national, state or local level.
- Antionette Smith Epps (School of Public Health Doctoral Candidate and former CEO of The Los Angeles County Department of Health Services/MLK Hospital, Los Angeles, CA) shared benefits of belonging to the National Association of Health Services Executives (NAHSE) and answered questions the class had about the life of a healthcare executive.
- Class 48 Officers gave an overview of each officer position and what it takes to be successful in each role.

Hannah Norton, Samantha Serley and Sarah Hamilton

Allan Crockett, Daniel Reinman, Nick Colleran, and Logan Austin

Following lunch, Martin Nowak (Class 15) concluded the session with his pearls of wisdom relating to succeeding in the field of health administration – exploring lessons he has learned throughout his career. With all of the orientation components completed, the students began classes on August 26th.

Team building through low ropes course

SCHOLARSHIPS ASSIST IN GRADUATE EDUCATION

Nevette Sample

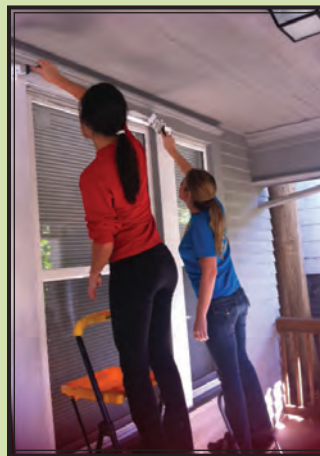

Lisa Kate Jarrett

Congratulations to Nevette Sample (Class 48) who received the nationally competitive Albert W. Dent Scholarship from the American College of Healthcare Executives. In addition, Lisa Kate Jarrett (Class 48) was selected as the recipient of the Alabama HFMA Scholarship. We are very fortunate to be able to award scholarships through the generous support of our alumni in the form of endowed scholarships, ACHE and the Alabama Chapter of HFMA. These awards enable us to recruit the best students to our MSHA Program.

CLASS 49 PICKS *Philanthropy*

Class 49 has selected Glenwood Autism and Behavioral Health Center as their class philanthropy and will complete a number of initiatives for the organization during their two years in Birmingham. They started this past fall by painting one of their resident homes in the community and will also contribute funds from the 9th Annual MSHA Classic planned for April 24, 2014.

Class 49 members painting at
Glenwood

Class 49 working at Glenwood

- Robert C. Chapman Endowed Scholarship: Hannah R. Norton, Geelita S. Williams
- Health Services Administration Endowed Scholarship: Samantha L. Serley
- 25th Anniversary Endowed Scholarship: Lauren E. Gilley, Chelsea E. Downs, Sydney M. Davis, Leslie L. Butts, Morgan I. Broussard, Gregory R. Beliles
- Jon E. Vice Scholarship: Justin D. Harris, Lauren M. Poist
- 35th Anniversary Endowed Scholarship: Alyssa D. Hendry, Sarah L. Hughes
- Richard Lind Endowed Scholarship: Gordon D. Evans, Sarah L. Hughes, Mary Lauren Jones, Nikita M. Maladkar, Roshni B. Panchal, Samantha L. Serley, Meagan K. Thompson, Leidy Vicuna, Tallee R. Williams, Hailee E. Willingham, DeMaris Ron Wilson

- Robert Zasa Endowed Scholarship: Julian Philip Cunningham
- J. Kenneth Roan Endowed Scholarship: Lauren M. Poist, Catharine A. Rushdi
- Scott Braxton Ryland Endowed Scholarship: Nicholas M. Colleran, Chelsea E. Downs
- Jessica Grundt Stefaniak Endowed Scholarship: Gordon D. Evans, Kendall J. Guillot
- Dr. and Mrs. Samuel D. Williams Endowed Scholarship: Daniel K. Reinman
- Alabama Chapter of HFMA Scholarship: Lisa Kate Jarrett
- Albert W. Dent Scholarship: Nevette Sample

If you are interested in sharing your career lessons and/or expertise next fall, then contact Randa Hall (randahall@uab.edu).

BOOK DISCUSSION AND PROFESSIONAL DEVELOPMENT SERIES BRINGS THE “REAL WORLD” TO CAMPUS

Based on exit interview feedback from Class 47, we launched a book discussion as the fall semester began. As usual, we provided a summer reading list to incoming Class 49 but this year we actually discussed Atul Gawande’s book, *Complications*, with both the Residential and Executive MSHA students. We tapped into our younger alumni in the Birmingham area to meet with the Residential students and recruited Executive graduates that led the discussions during the fall on-campus session in September. Based on the positive responses from each group, we plan to continue this next year. We certainly appreciate the area alumni who participated. The pictures below showcase the book discussions.

Each fall, the MSHA Program enjoys hosting speakers from diverse backgrounds who can share their experiences and expertise with MSHA students. We continued our intentional strategy to include non-traditional aspects of the healthcare industry as well as some of the typical tracks our graduates have always pursued. We certainly appreciate these individuals’ willingness to take time away from their jobs to “give back” to our graduate students. Class 48 and Class 49 learned about the following organizations:

- UF Health Shands Hospital, Ed Jiminez, Senior Vice President & COO, and current residents
- Emory Healthcare Fellowship Overview with Emily Pugh and Natalie Harshbarger (Class 47)
- ACA / Health Reform Panel Discussion facilitated by Matt Cybulsky, PhD (Class 41) with Dr. Bill Curry and Anna Velasco
- Ochsner Health System, Michael Hulefeld shared innovations they are trying within their health system.
- NorthShore University HealthSystem (Evanston, IL) presented by Gabrielle Cummings
- PwC – What is a residency like at PricewaterhouseCoopers and is it right for you? Presented by Nikaela Georgulis (Class 45), Allison Clemmons (Class 45) and Brandon Lambert (Class 47)
- American Family Care presented their strategy for growth and franchising with DocSpot – Lauren Walls and Lauren Simmons.
- Pfizer – How A Pharmaceutical Company is Partnering with Health Care Organizations presented by Andrea Shapiro.
- Abbott Nutrition – new roles and venues for administrative residency – Julianna Vaughn (Class 45)

Melissa Mancini (Class 39) and Mary Chris Ponder (Class 42), Lead Residential book discussion

Executive MSHA Alumni Facilitators for book discussion. Front Row (L-R): Eric Walker and Maria Faulkner Bogle
Back Row (L-R): Ginger Azbik, Sara Patterson, Nan Priest, Brian Spraberry, Wes Smith, MD, Liz Prosch, Samika Williams, Dawn Bulgarella, Robert Stanley, MD, and Warren Smedley. Not pictured: Jason Williams.
